

**2009-2010 Proper Use of Computers
Lower School Rooms 1 - 3**

I promise to be polite and respectful when I use The Mirman School computers.

I will only touch another person's computer or work if that person asks me for help.

I will always leave the computer I use exactly as I found it.

I will only use the Internet after receiving permission from a supervising adult.

When I use the computer or the Internet to get facts that I use in my work, I will say where those facts came from.

I will not give personal information about myself, my family or my friends to anyone on the Internet.

If I see something on a computer that makes me feel uncomfortable, I will tell an adult.

I will help my classmates follow these rules.
